Space & Naval Warfare Systems Command Awards Contract

SAN DIEGO - Darlington Inc., of Arlington, Va., is being awarded an \$183,929, indefinite delivery, indefinite quantity cost-plus-fixed-fee contract to provide Navy Fleet support worldwide, both afloat and ashore, for existing and planned Command, Control, Computer, Communications and Intelligence Systems fielded by SPAWAR. This contract requires support for rapid injection of new technologies into existing afloat architectures while underway. This contract includes four one year options which if exercised would bring the cumulative value of this contract to \$107,662,874. Work will be performed worldwide with the coordinating office in San Diego, Calif., and is expected to be completed by September 2004. If all options are exercised, work will continue through September 2008. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured by full and open competition via the SPAWAR Business Opportunity Page E-Commerce web site, via Fed Biz Ops, and two offers were received. The Space and Naval Warfare Systems Command, San Diego, Calif., is the contracting activity (N00039-03-D-0084).
